Judge Susan M. Svetkey
Multnomah County Circuit Court

Dear friends and allies,

This is a trying time for many of us. Some days it is hard to see the light when the world feels so dark. Like I spoke of last year in this very letter, we continue to see threats to our healthcare system. We continue to see the most vulnerable among us targeted with attacks on our hard won and cherished fundamental rights. But, just like last year, and the year before, and for over 3 decades of this work, we continue to move forward together.

Again and again our community has come together in solidarity, to stand up and fight discrimination. Friends, while the road is long and we are tired, we remain resilient. We are always stronger together than we are apart.

On behalf of the staff of CAP, Prism Health, and our Board of Directors, I am proud to present our report for 2018. We are proud of our work to ensure that our clients and patients have the best services we can offer. We are proud to have the support of so many in our community who came together to make this possible.

As we look forward to 2019 and beyond, we know that there are many challenges ahead. We are ready to accept those challenges. We invite you to stand with us and remember that together we can overcome any adversity.

In solidarity,

Tyler TerMeer
Executive Director

“Friends, while the road is long and we are tired, we remain resilient. We are always stronger together than we are apart.”

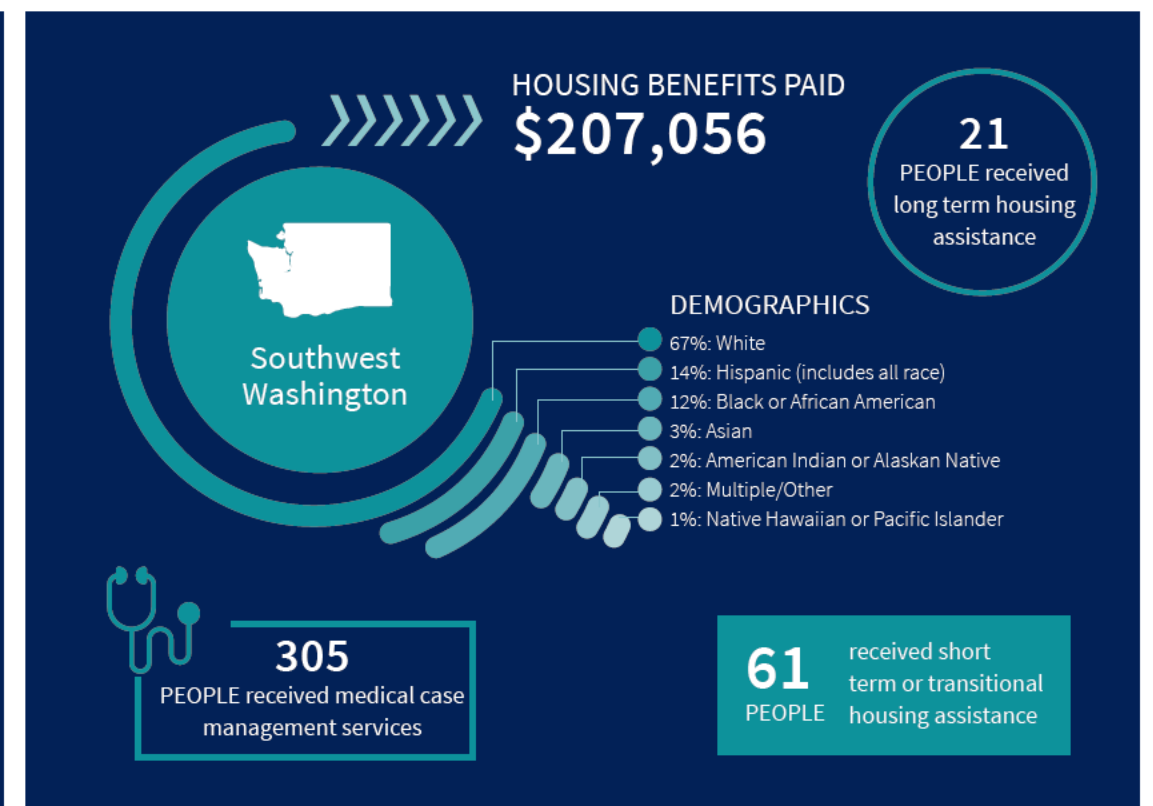

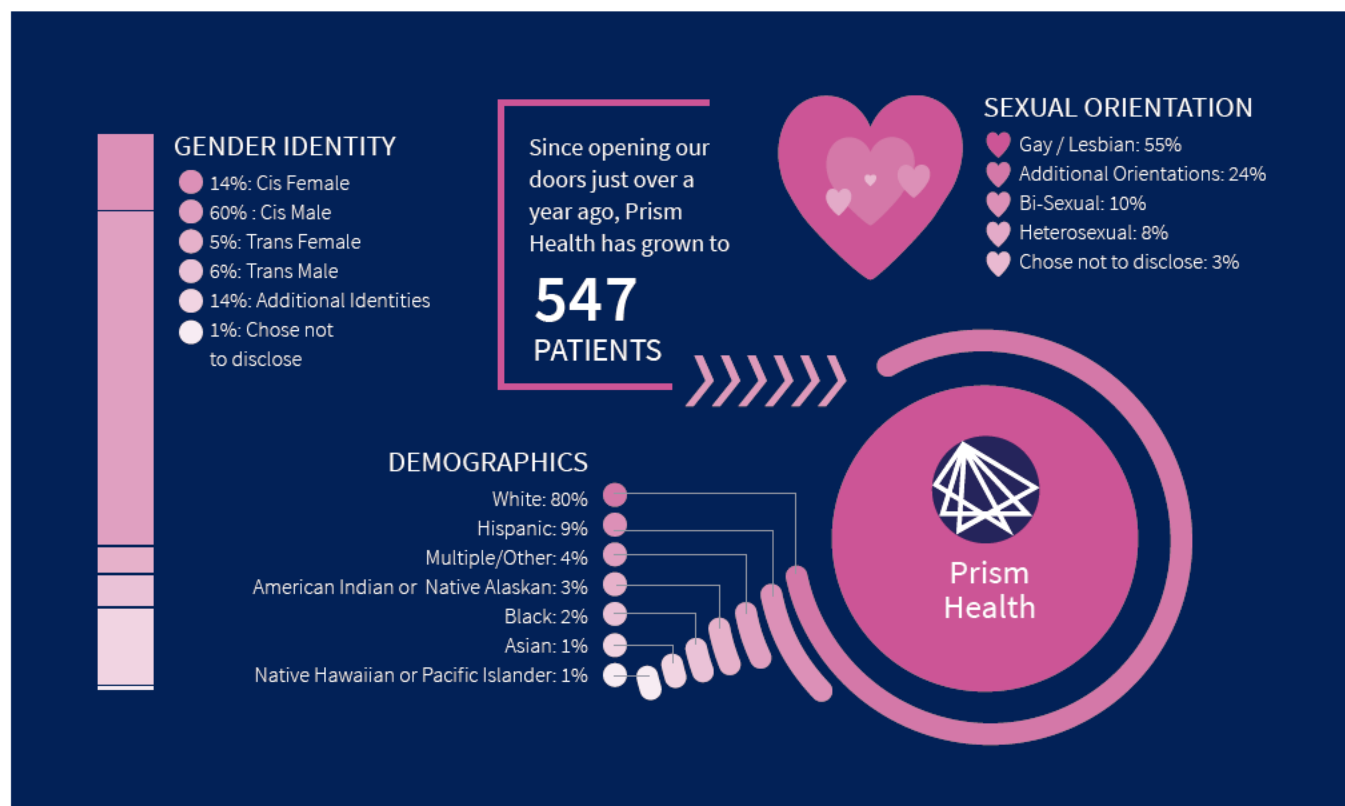

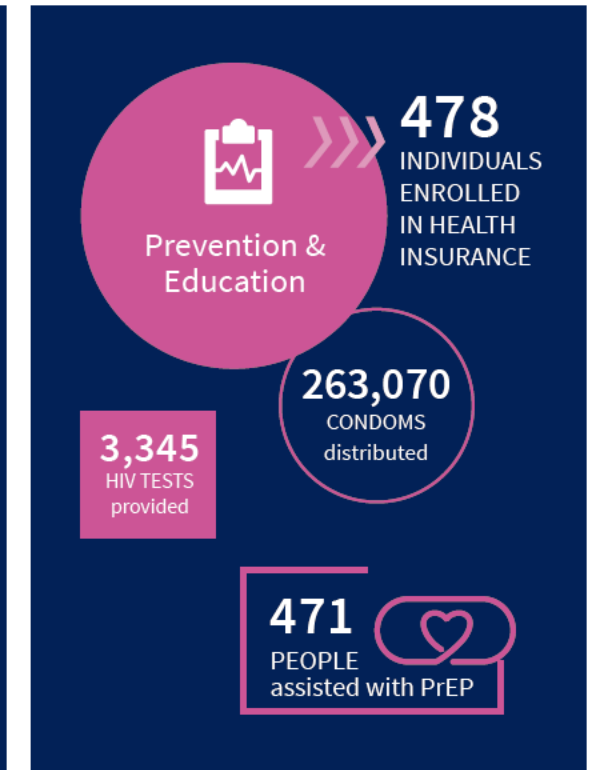

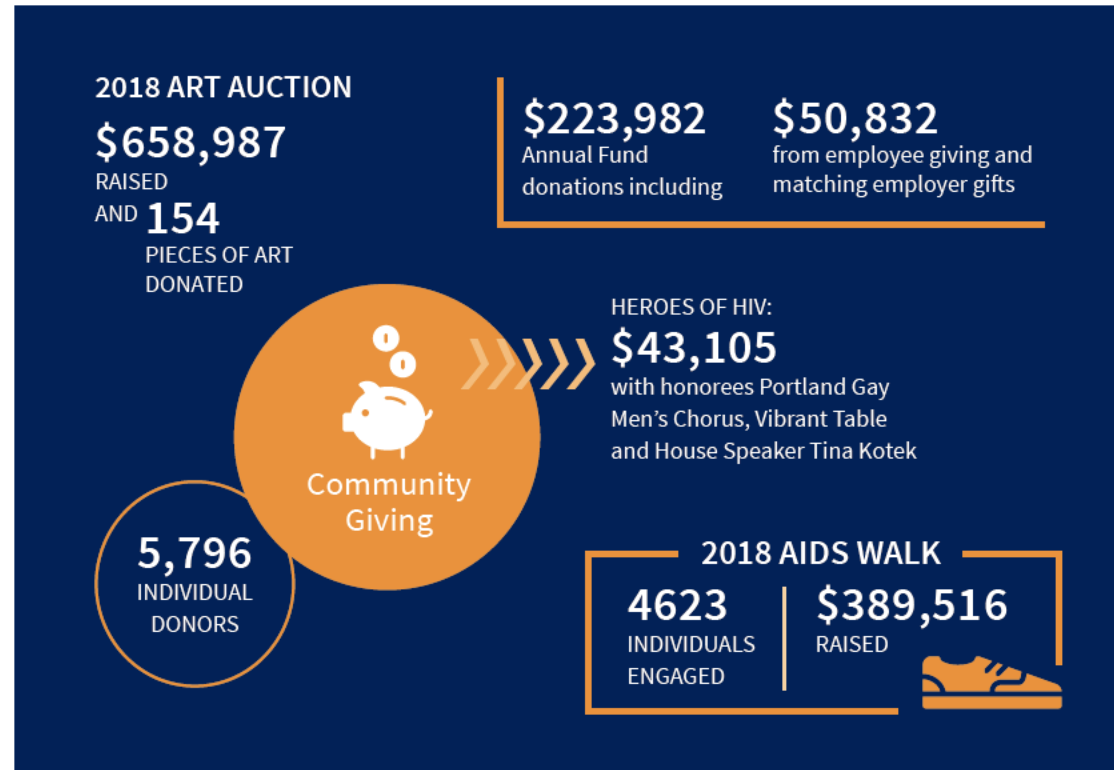

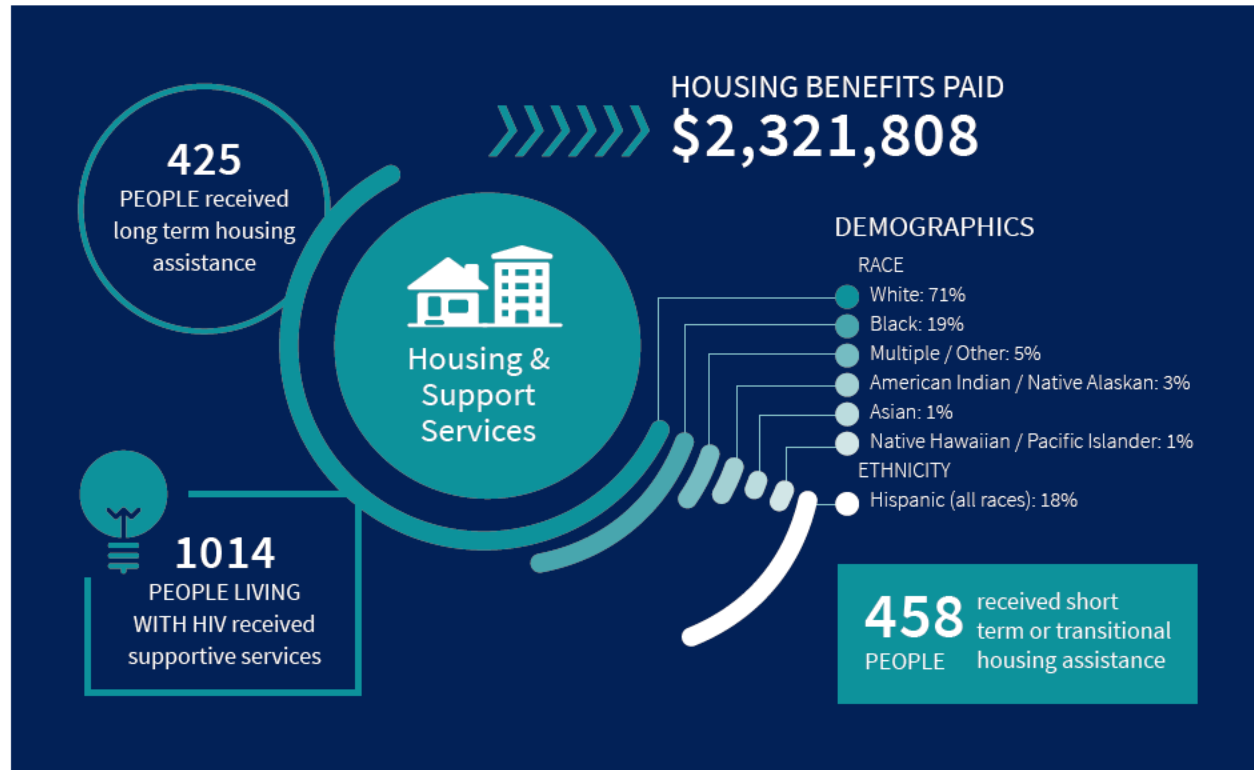

Cascade AIDS Project is the oldest and largest AIDS Service Organization in Oregon and Southwest Washington. Prism Health, a primary care health center, is an integral part of CAP's expanding mission to serve the broader LGBTQ+ community.

OUR MISSION:

We support and empower all people with or affected by HIV, reduce stigma, and provide the LGBTQ+ community with compassionate healthcare.

2018 by the Numbers

“I really appreciate how my case manager and peer support person have empowered and encouraged me to succeed and thrive with and without CAP’s assistance. Bottom line, they have met me where I am each and every time without judgment and because of that, my life is improving. CAP was a major factor in changing and saving my life.”

RECENT CAP CLIENT

2018 SUCCESSES

Stories from across our programs

One of Prism Health’s first patients was a 52 year-old lesbian woman from Albany. Despite the fact that it is located in inner SE Portland, she drove 70 miles from Albany, one way, to visit Prism Health. From the paperwork to the provider, every piece that she encountered honored her whole identity. At the end of her visit she was in tears (but they were happy tears) because for the first time in her life she was out to her doctor and completely open and honest about who she was.

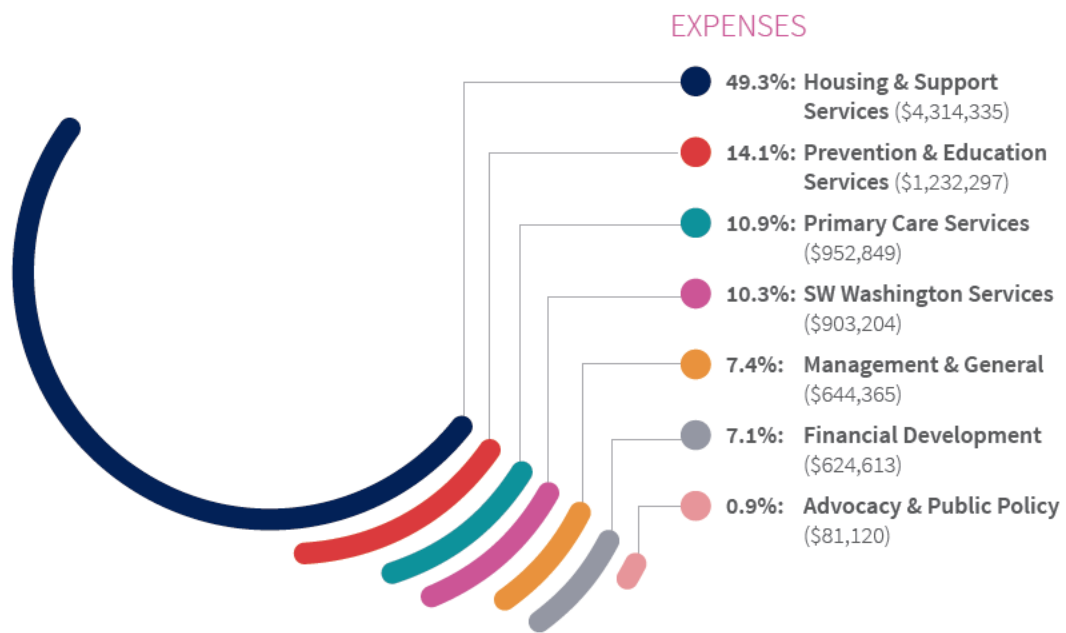

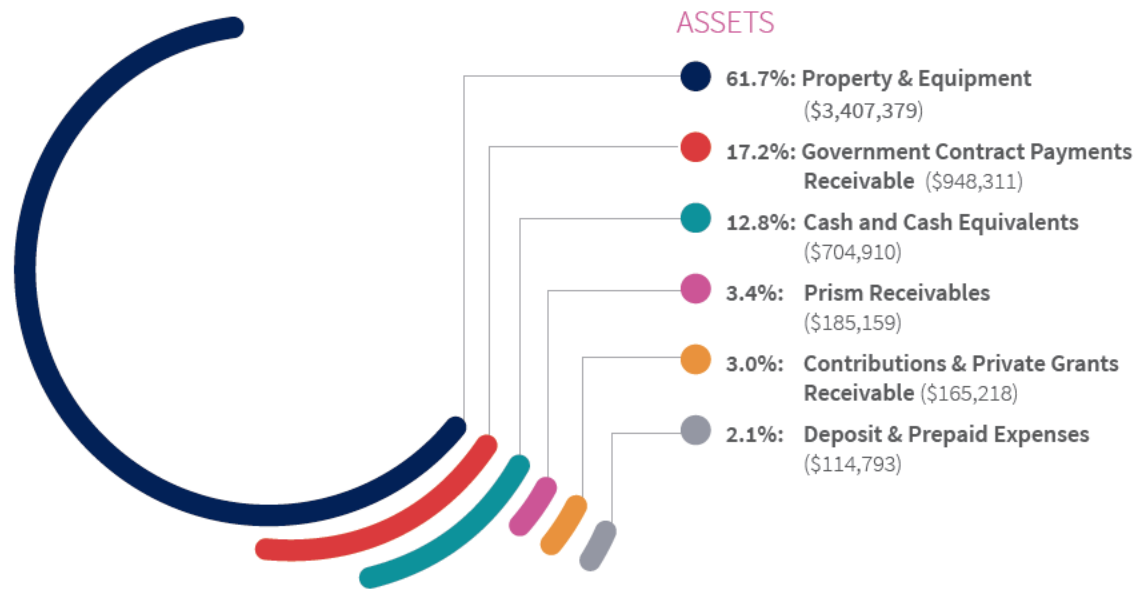

and set up with assistance with household supplies and furniture through CAP’s warehouse program. John is now engaged in care, stably housed, and happy and grateful for the support he’s received.

A recent client at SW Washington said this: “I could not be more pleased. I speak for myself and my family. The help given to my mom and I from everyone at CAP is above and beyond our expectations. Thank you.”

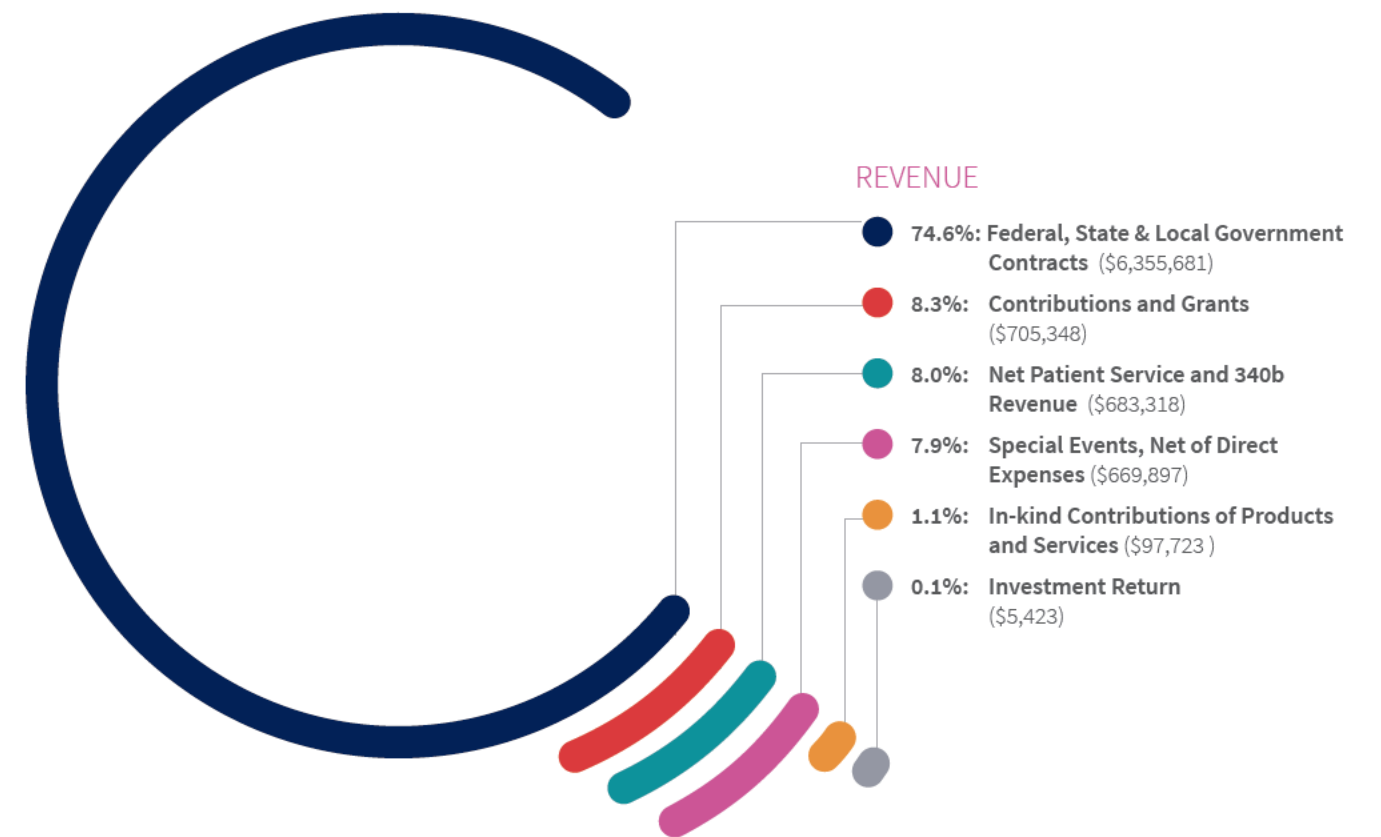

CAP was able to provide short term housing case management to a participant living in a transitional men’s shelter. This participant had recently achieved four months of sobriety and was ready to find stable housing. When he met with his short term housing case manager, she helped him with an affordable housing search. His case manager was able to help him look at his budget and make a plan to save up for move in costs while he was in the shelter. With this assistance he was able to secure an affordable living situation. The participant later thanked her for helping him see that he had the power to use his own money to access housing. He felt proud of his sobriety and his control over his finances and empowered by his housing case manager.

“John” came to the United States seeking asylum because it was not safe for him to be a gay man in his home country in Africa. He first came to CAP in May 2018 to get tested and he tested positive. It was very difficult for him to learn that he was living with HIV. He worked with CAP’s CareLink team to get connected to HIV care and is now receiving primary care at Prism Health. He was also in an abusive relationship, and became street homeless after it ended. His Housing Case Manager got him housed

A recent Prism Health patient said, “I was ecstatic to discover Prism. Finding a primary care physician is always difficult, especially when you’re looking for empathy to LGBT needs. I’ve rarely felt so comfortable after visiting a provider as I was when I left my first appointment. I’m in good hands there, and can’t recommend the place strongly enough.”

2018 NUMBERS*
Financial data

*Note: financial numbers represented here have not been audited.

2018 DONORS

Thank you

As the oldest and largest AIDS service organization in Oregon and Southwest Washington, CAP relies on our donors' generosity to power our work. Our sincerest thanks to all who gave in 2018—every dollar had a real-time, real-world impact on the lives of individuals living with HIV and AIDS.
